Emergency Procedures:**Fire Emergencies:**

- For meetings and public space, staff will assist with locating the closest and most appropriate emergency exits, fire extinguishers, and fire pull stations based on the emergency.
- Guest room emergency exits are highlighted during the bellman room orientation and for every floor, the Exit stairwells are well lit and identifiable.
- All guest rooms and public areas are covered by smoke/heat detectors and sprinklers.
- Emergency annunciation system or direct contact by Security personnel to direct guests, Patrons, visitors and employees in response to an emergency situation.
- In the event of an evacuation guests, patrons, visitors and employees will be directed to an assembly area by Security or Emergency Personnel.

Medical Emergencies:

- For medical emergencies call the in-house emergency line (5100) or 911.
- Security Dispatch will notify emergency responders.
- Security will respond to the location of the medical emergency.
- The Hotel has AED's in six of the major meeting locations.
- Over one hundred employees throughout the Hotel have been trained to use the AED.
- All Security officers are trained to use the AED and respond to all emergency medicals with an AED.

Other Emergency Situations:

- Call the in-house emergency number (5100) for any emergencies.
- Listen for directions or information from Security.
- Security or Emergency Response personnel will respond to the emergency location.
- Follow any directions given in the event of an evacuation.

The Broadmoor Hotel works closely with all local, state, and federal emergency response personnel. In the event of any emergency help is on the way. If there are any questions concerning any emergency response situation, or if any additional information is needed pertaining to an emergency situation please contact the Security Department.
