*This resource is for informational purposes only and does not constitute legal advice.
Specific questions should be referred to the school district’s legal counsel.*

NOTE: This list is applicable to BOCES that operate a school or educational program. The list also includes those additional policies applicable to BOCES that operate a “public school” as defined by the Education Accountability Act of 2009, C.R.S. § 22-11-101 et seq. (the “Act”).

¹ This list references sample BOCES policies developed by the Colorado Association of School Boards. Policies developed by a specific BOCES board may contain content or language different from the CASB sample policies noted. It is important to understand the policy content requirements and not assume that a locally developed policy with a particular policy code or title meets the requirements of law. In the alternative, a BOCES board may have met the need for a legally required policy using a policy title and code that is different than the CASB sample BOCES policies.

*Code not found in the NEPN/NSBA policy classification system; code created by CASB to meet a Colorado-specific policy need.
